PEJON

FREIGHT MOVERS LTD

Moving your cargo with care

ABOUT US

Logistics, Global Supply Chain, Industrial Projects, E-commerce, and Customer Value.

Our performance stems from a worldwide network of logistics experts and from value-added integrated information systems and tools which afford complete visibility on all operations throughout the entire supply chain.

Our Services:

- Customs Clearance & Brokerage Services
- Sea Freight
- Air Freight
- Road Freight
- Rail Freight
- Secure Warehousing
- Contract Logistics
- Transit/Cross-Border Transportation

Customs Clearance & Brokerage Services

We are a Licensed Customs Clearance & Brokerage company.

We are fully licensed by the Kenya Revenue Authority to act on their behalf as agents of revenue collection. We have great working relationships within the Customs Department to ensure our clients cargo gets cleared smoothly and in the shortest time possible.

We are active members of the International Freight & Warehousing Association - Kenya Chapter (KIFWA) which is the local umbrella body formed by Customs & Warehousing agents to address accountability, transparency and efficiency in the industry.

Our Staff

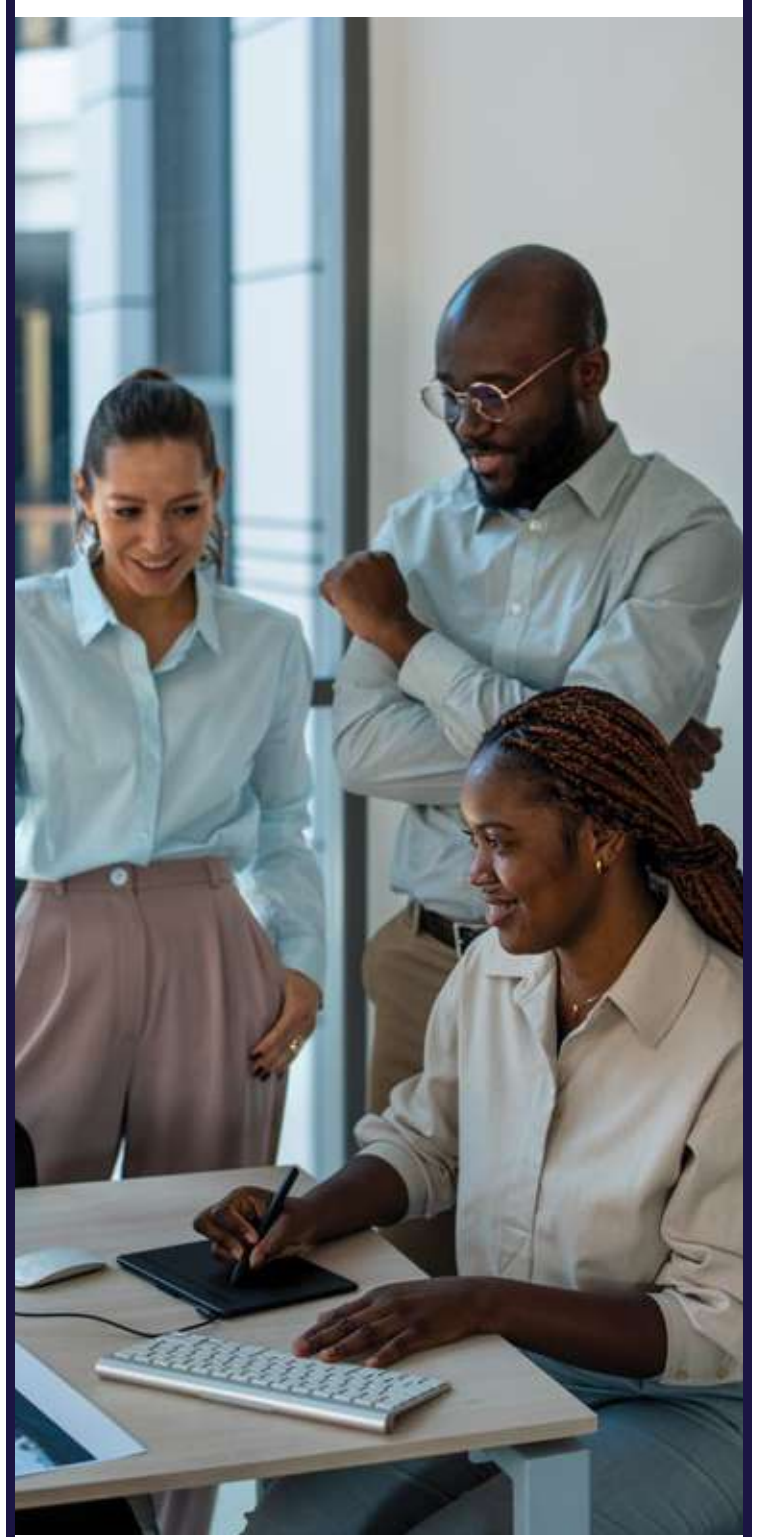

Our staff draw upon many years of experience and expertise to support clients manage the complexities of local, international trade and regulatory compliance.

With our assistance, your cargo can cross borders seamlessly by utilizing our customs clearance services and solutions, import and export security filings and compliance management expertise. As licensed Customs Brokers, we are ably recognized by the below Agencies/Stakeholders in Kenya:

- KRA (Customs) –Kenya Revenue Authority
 - KENTRADE
 - Shipping Lines – All Shipping lines & NVOCC's
 - Airlines – All Airlines
 - KAA - All Airport Ground Handlers/Terminals
 - KPA – Kenya Ports Authority
 - CFS – Container Freight Stations
 - KEBS – Kenya Bureau of Standards
 - KEPHIS – Kenya Plant Health Inspectorate Service
 - ACA – Anti-Counterfeit Authority
 - Kenya Railways Corporation
 - PPB – Pharmacy & Poisons Board of Kenya
 - Port Health (Ministry of Health Kenya)
 - EPRA - Energy and Petroleum Regulatory Authority
 - KNRA - Kenya Nuclear Regulatory Authority
 - AFA - Agriculture and Food Authority
-

We have various departments to co-ordinate Customs clearance activities under different customs regimes; for local, transit & overseas bound cargo.

This includes personal effects belonging to Kenyan citizens, Foreigners working in international organizations & Diplomatic Corps.

Sea Freight

As one of our core activities, we are known to offer customers flexible service options for ocean freight transportation (for both imports & exports).

Our sea freight services encompasses both less than container loads (LCL) and full-container loads (FCL) shipments, Buyer consolidations, specialized and/ or bulk cargo. As a result of the volume contracts which we have with major shipping lines & NVOCC's, we obtain value-based pricing with excellent space commitments for our clients cargo.

Supplementary facilities like free or bonded Warehousing, handling or transportation of specialized equipment are also available on request.

Our Services:

- Complete FCL and LCL services
- Through Bill of lading service
- Export and Import documentation services
- Transportation services
- General Warehousing

Air Freight

Speed and reliability is everyone's priority. In partnership with our international networks agents, we have made it our mission to meet these expectations. We can arrange for the efficient movement of your air freight cargo on the basis of your preferred shipping method.

Our Scheduled consolidation services & Flexible delivery options (include - but are not limited to):

1. Door to Airport
2. Door to Door
3. Airport to Airport

Our Services cover:

1. General Cargo
2. Personal effects
3. Dangerous Cargo (DGR)
4. Live animals
5. Break bulk

Road & Rail Freight

We have a dedicated fleet of variable size trucks, low loaders and delivery vans fitted with tracking devices to cater for your diverse transportation needs.

The fleet ranges from half-ton pick-ups, 10-ton trucks, car carriers, low loaders to 40-ton semi-trailers. We satisfy transport needs to all East African destinations, whether its personal effects, commercial cargo, bulk cargo, loose cargo, motor vehicles, containerized cargo or heavy equipment.

Pejon Freight Movers Ltd enjoys a unique relationship with the Kenya Railways Corporation for safe and effective goods transportation. The Kenya Railway network spans most of Kenya with operations across several train routes.

The Madaraka Rail Freight Service offers numerous benefits over other alternative modes which include:

- An average transit time of 8 hours from the Port of Mombasa to the Inland Container Depot in Nairobi.
- Efficiency in cargo clearance supported by technologically superior Inland Container Depot in Nairobi and Naivasha.
- Assured Security and safety of cargo while in transit
- Availability of evacuation options

Local & International Household Relocations

We provide a unique and inexpensive moving experience for your households, be it within Kenya or beyond.

Our service is designed with the objective to eliminate the stress that such a move can cause. We are always happy to offer our experience, expertise, understanding, modern equipment and of most importance, flexibility in ensuring the success of your relocation exercise. We first start with an onsite or virtual pre-move survey in which we visit your home and gather details of the volume and nature of household goods that you have. We are afterwards able to advise on the cost of the Move, its duration and what the service entails.

Once the quote is agreeable, we arrive at your home at the agreed upon date and time, after which our crew will commence the packing, labelling and loading of your personal belongings. Whether it is employee relocation, an expatriate moving abroad, or diplomats moving into/from Kenya, you get to enjoy that personal Pejon Freight Movers touch offered by our warm, friendly and professional staff across all the stages of the service.

Our extensive experience and global networks allows us to easily manoeuvre through the unique needs that accompany international removals.

You will also be well educated on the customs and documentation requirements beforehand to ensure that all is well before you leave Kenya.

Rest assured that you will be informed on each and every detail, every step of the way.

Your move will be assigned to one Move Co-ordinator who will control the assignment all the way to the end.

Once your goods reach your destination, you will be well taken care of through our network of trusted destination service partners in every major capital across all continents.

We have the whole world covered!

Auto Relocations

Whether you are moving your car together with your household goods or you just want to relocate with your car, we handle it with the care it requires, as we understand its value as a personal valuable and not just a car!

It is on this grounding that we provide this premium car shifting service which is tailor made for each client.

Whether you want to move your car within Kenya, a neighbouring country or to your overseas home, we do all this with ease. Sometimes we containerize or high lift them.

We possess good understanding of the entire documentation requirements for shipping your vehicle out of Kenya and have the technical expertise of handling it from preparation, loading, lashing till it's offloading to ensure that it reaches its destination without any damage to enable you start to use it immediately.

Some vehicles are Antiques, others are Vintage cars, some are Sport cars and others are Rally vehicles. We handle all of them with ease thanks to our experience and commitment to ensure that nothing goes wrong. You can trust us with your vehicle relocation.

Fine Art Moving

Fine Art is many times priceless, irreplaceable and deeply personal. It could be anything from collectors' items to paintings, antiques, sculptures, museum items, art galleries or similar. It is for this reason we give this service very unique attention because absolutely nothing should ever go wrong.

We do so by:

- Assigning the job only to our elite Packers who are well trained and with vast experience.
- Using only the best packing materials that money can buy to ensure maximum protection and apply the most suitable packing methods.
- Working closely with the owner to understand areas of concern/interest regarding the specific item.
- Safe transport and handling.

Relocation and moving of fine art is delicate, sensitive and can never be rushed.

We do it with precision to all international destinations.

Corporate/ Office Relocations

Whether your office is large or small, you can trust our specialized moving team to deliver hassle free!

We are well known for our careful handling of expensive furniture, high tech equipment including computers, IT servers, Safes, files and other office movables. We use the finest packing and padding materials which protects your property against damage while in transit. We grant your staff peace of mind, knowing that trustworthy professionals are in-charge of their goods, from the beginning to the end of the assignment.

During such relocations, you have to be sure that everything is meticulously planned. We exist to make your office move as uncomplicated and as straightforward as possible.

Our well trained and friendly moving crew will help you plan and execute every detail of your move, so you'll be up and running in your new location with as little downtime as possible, as even the smallest mistake could cost your company valuable man-hours.

Machinery Relocations

This is a specialized service for organizations and manufacturing concerns that are going through expansion, changing location or in transition.

Machines come in all sort of weights, shapes and sizes. Most are heavy, very expensive and extremely critical to an organizations core business. They might be industrial manufacturing machines, printing presses, large data storage units (servers), large medical machines, large safes or vaults, ATM machines, Transformers or similar.

Mistakes can be very expensive, safety is key and avoiding risks is always of paramount importance to us!

We provide:

- Technical advice on how to move the machines safely and in an organized manner.
- A team of specialized crew.
- All required equipment be it cranes, forklifts, low loaders, suitable trucks and similar.

Secure Warehousing

With our secure warehouses available, we are able to offer a professional storage service. Whether you are in between homes and need temporary storage to store your goods while travelling, we provide flexible, hassle free and affordable warehousing to meet your short term needs.

Commercial goods storage is additionally available for both long and short term periods.

Transit/Cross-Border Movement services

Moving with us within the East African Community and by extension the COMESA region will be such a breeze for you, given our experience and bank of resourceful information and networks.

We handle regional removals with a lot of ease. This is because of our experience and expertise within Africa. With only one point of contact (a Move controller), our moving crew will execute your move from city to city, across each country, in close liaison with our cross border partner agents.

Global Representation

With 1,571 partners around the world in 169 countries, we will find the right partner to handle your shipment.

Over the last 15 years, we have built a trustworthy network of like-minded independent freight forwarders & logistics specialists, through which we offer customized freight solutions while offering unparalleled service excellence from and to every region of the Globe.

The combined logistics might of our network exceeds that of even the world's largest multinational freight forwarders.
